EMPEROR WILLIAM OFFERED TO TROUBLOUS TIMES FOR THE LIT-

OT. PETERSBURG, March 23, 12:33 a. m.-The party within the government which is urging the emperor to indicate to Japan Russia's willingness to end the war if a rea-f nable basis can be reached, as re-lated in these dispatches on March 20. w days, and an actual pacific proposal must be just ahead. The subject has ccupied much of the attention of the enferences at Tsarskoe-Selo. Certain and dukes, supported by General Sakharoff, the minister of war; Admiral Ayellan, the head of the admiralty and what is known as the war party, are still bitterly opposed to the idea of eace under present circumstances, but with the exception of the ministers of war and marine, the emperor's minis-ters, backed by M. Witte, solidly favor course, and the convincing arguments they offer are telling. French in-fluences in the same direction are now being supported by German opinion. Will Use France.

The rumor noted by the Associated ress last week that Emperor William had tendered his good offices, now seems to be confirmed. The Associated Press is in a position to assert, howver, that if Emperor Nicholas decides approach Japan it will be through rance and that negotiations will be conducted either between M. Delcasse, French foreign minister, and Dr. stone, the Japanese minister at Paris, or M. Harmand, the French min

#### Japan's Position.

It is quite possible that Japan's atde in this regard has been exposed ough unofficial attempts to ascerain terms. Japan, it will be remen I, took the same position when Detring, the German commissionof customs at Tientsin, without ple eary powers, sought to obtain Japan' rms for ending the Chino-Japanese ar, declining to treat until Li Hung Chang, accompanied by General John W. Foster went to Tokto clothed with full powers. Furthermore, in view of the possibility that no basis of agreeent might result even should the em roposals, it is regarded as entirely kely that hostilitles would continue, again following the proceeding of the hino-Japan war, until negotiations nded. The Chino-Japanese negotia-ions were begun in December and leace was concluded in the following Meanwhile the Japanese made er campaign in Manchuria.

For instance, in lieu of direct indemnity she might turn over to Japan the proceeds of the sale of all the ights and property of the Port Arthur and Dalny and the Chinese Eastern always and liberally pay for the maintenance of Russian prisoners in Japan and, while refusing to cede Sak-hallen, might grant rights to the fisherles there or even relinquish all the valu-able seal fisheries on the Commander islands. (Special to The Herald.) Washington, March 22.-Senator D. ( Clark left today for his home at Evan-ston, Wyo. Before leaving he called upon President Roosevelt and awakcoled the spirit of the huntsman in him by presenting him with photographs of band of elk taken by a constituent in Linta county, Wyo. The photographer evidently had been very close to the elk but there was no evidence of fright among them and on the president's re marking upon this, Senator Clark told him that in some sections elk are very tame and that he had seen a band of them go through streets of a small set tlement in Wyoming.

States senate of action on the treaty with Santo Domingo makes the on the cry that President Morales has been discredited in the United States. President Morales states that he is pre-pared to put down any revolution, but that a more serious matter, in his mind, is foreign complications growing out of Belgium's demand, presented on March Belgium wants the customs receipts of the port of Santo Doming to the extent of \$25,883 a month accord ing to a former agreement on which no payment has been made for three year This first demand is construed as a di-rect result of failure of the treaty between the United States and Santo Domingo. President Morales anticipates similar demands by other foreign powers which he will be helpless to resist. He says he wants to pay all the re public's debts, but sees the ruin of the country with every port in the hands of a different foreign power and no revenue for the government. VOTE TAKEN IN THE HOUSE OF COMMONS.

SAN DOMINGO, March 22.—The news of the postponement by the United ONDON, March 22 .- As a result of the pressure upon its followers in regard to to commit the government on the fiscal question, a resolution introduced at tonight's session of the house of commons by John Stirling Ainsworth (free trade liberal), was carried by a vote of 254 to 2. The resolution declared that "in the opinion of the house the imposition of a general duty on all manufactured goods imported from abroad not exceeding 10 per cent on an average and varying action to the amount of labor on these goods would be injurious to the commercial interests of the United Kingdom."

While the action of the cabinet yesterday left no opening for a critical party division, the decision of the government to evade an issue on the fiscal question for the remainder of the session, and the fact that this was the first go-as-you-please vote brought out a large attendance and good galleries. A strong liberal whip summoned the members of the opposition, and the nationalists turned out in full force.

Mr. Ainsworth's resolution was seen to commit the government on the fisca

onded by Richard Cavendish (unionist) who congratulated Premier Balfour for giving the house an opportunity to express unfettered its views on fiscal propositions. Both Mr. Alnsworth and Mr. Cavendish maintained that the vote would show a complete discrediting of Joseph Chamberlain.

Sir Michael Hicks-Beach, Lord George Hamilton, Sir John Gorat and nineteen other free trade unionists voted for the Ainsworth motion, beside the whole of the opposition and fifty nationalists. All of the government supporters had left the house after Mr. Balfour's speech. It is now stated that Mr. Balfour secured Joseph Chamberlain's assent to his mode of dealing with the Ainsworth motion by representation that any other course would risk the government being defeated. The ministers have informally intimated that while refusing to countenance such maneuvers as Mr. Ainsworth's motion, they are fully prepared to give time for debate of a formal motion of censure challenging the government's fiscal attitude.
